

# Test Accommodations

The NBOME provides reasonable and appropriate accommodations in accordance with the Americans with Disabilities Act (ADA) for candidates taking the COMLEX-USA examinations who provide the required documentation substantiating they are a person with a disability.

## Instructions to Request Test Accommodations

### Request Accommodation

Submit a request by completing the application form and sending it with the required supporting documentation to NBOME Test Accommodations.

- **By Email**

[testacc@nbome.org](mailto:testacc@nbome.org)

- **Or By Mail**

101 West Elm Street

Suite 150

Conshohocken, PA 19428

A completed application with full supporting documentation is generally evaluated and a decision rendered by the NBOME within approximately seventy-five (75) days of its receipt by the NBOME; however additional processing time may be required if additional documentation is needed.

You can schedule a standard (non-accommodated) examination while your accommodation application is pending. However, if your application is approved by the NBOME and testing accommodations are granted, and you have not yet taken the examination, you will likely need to reschedule the test depending on the nature of the approved accommodation(s). If you have taken the examination without accommodations before being notified of a decision, the NBOME will report your score as if you had not requested an accommodation.

For more details refer to the [Bulletin of Information](#).
